

RE: 2023 Google Cloud Platform SOC 2 Type II Audit Report

Google LLC ("Google") engaged Ernst & Young LLP ("EY") to issue a Google Cloud Platform System Organization Controls (SOC) 2 Type II Report for the period November 1, 2022 through October 31, 2023.

Accordingly, on January 16, 2024, EY issued an annual SOC 2 Type II audit report to Google entitled "System and Organization Controls (SOC) 2 Type II Report Description of the Google Cloud Platform System For the Period 1 November 2022 to 31 October 2023" (the "2023 Google Cloud Platform SOC 2 Audit Report"), a copy of which was made available to your firm.

To our knowledge, there were no material changes in the internal controls and procedures described in the 2023 Google Cloud Platform SOC 2 Audit Report in the period between November 1, 2023 and March 31, 2024 that would affect the satisfactory achievement of the stated control objectives. Please contact me if you have any questions.

Sincerely,

DocuSigned by:
